

I. Personal

- 1) **Date:** June 24, 2021
- 2) **Name:** Lina Shehadeh, Ph.D.
- 3) **Home Phone:**
- 4) **Office Phone:** 305-243-0867
- 5) **Home Address:**
- 6) **Current Academic Rank:** Professor
6b) Research track
- 7) **Primary Department:** Medicine
- 8) **Secondary or Joint Appointment:** None
- 9) **Citizenship:** US
- 10) **Visa Type:** N/A

II. Higher Education:

11) Institutional:

INSTITUTION AND LOCATION	DEGREE (if applicable)	YEAR(s)	FIELD OF STUDY
Florida Atlantic University, Boca Raton, FL	B.S.	1995	Microbiology
Florida Atlantic University, Boca Raton, FL	M.S.T.	1997	Teaching Sciences
Florida Atlantic University, Boca Raton, FL	Ph.D.	2002	Complex Systems and Brain Sciences

12) **Non-Institutional:** None

13) **Certification:** None

III. Experience:

INSTITUTION AND LOCATION	Rank	YEAR(s)	Department
University of Miami Miller School of Medicine, Miami, FL	Research Assistant Professor	2009-2010	Medicine
University of Miami Miller School of Medicine, Miami, FL	Assistant Professor	2011-2016	Medicine
University of Miami Miller School of Medicine, Miami, FL	Research Assistant Professor	2016-2018	Medicine
University of Miami Miller School of Medicine, Miami, FL	Research Associate Professor	2018-2021	Medicine

University of Miami Miller School of Medicine, Miami, FL	Research Professor	2021- present	Medicine
---	-----------------------	------------------	----------

14) Academic:

15) **Hospital:** None

16) Non-Academic:

- Teaching Assistant (Summer, 1997): Physics I Lab, Department of Physics, Florida Atlantic University.
- Teaching Assistant (Summer, 1997): Anatomy and Physiology Lab, Department of Biology, Palm Beach Community College.
- Teaching Assistant (Fall, 1999): The Mathematics and Science of Fractals and Chaos, Department of Mathematics, Florida Atlantic University.
- Research Assistant (Summer, 1999 – Summer 2002): Developing electronic material on teaching *Fractals and Chaos*, Center for Complex Systems and Brain Sciences, Florida Atlantic University.

This work was supported by NSF and aimed at developing curriculum material for an undergraduate mathematics course for students majoring in Education and Psychology. The overall product of this work is integrated on a CD-ROM. The title of the CD-ROM is The Mathematics and Sciences of Fractals and Chaos by Larry S. Liebovitch and Lina A. Shehadeh

- Postdoctoral Associate (2002-2005). Department of Complex Systems and Brain Sciences. Florida Atlantic University.

17) **Military:** None

Publications:

18) Book Chapters

Osteopontin Deficiency Ameliorates Heart Failure with Preserved Ejection Fraction (HFpEF) by Upregulating Mitochondrial 2-Oxoglutarate Dehydrogenase Like (OGDHL) in a Renal Disease Mouse Model. 2018, January 15-19. Keystone, Colorado, USA.
29. Sunil kumar, Benny, Merline, Eliana Martinez, Keyvan Yousefi, Wen Ding, **Lina A. Shehadeh**, and Karen Young. Klotho Prevents Long-term Cardiopulmonary Dysfunction in Rats with Experimental Bronchopulmonary Dysplasia. Pediatric Academic Societies (PAS) 2018 Meeting, May 5 - 8, Toronto, Canada.

30. Benny, Merline, Eliana Martinez, Keyvan Yousefi, Wen Ding, **Lina A. Shehadeh**, and Karen Young. Neonatal oxygen exposure induces persistent mitochondrial dysfunction in adult rodent renal tubular epithelial cells. Pediatric Academic Societies (PAS) 2019 Meeting, April 27 - 30. Baltimore, Maryland.
31. Benny, Merline, Eliana Martinez, Keyvan Yousefi, **Lina A. Shehadeh**, and Karen Young. Neonatal oxygen exposure induces systemic vascular remodeling and alters aortic SDF-1/CXCR7 expression in adult rodents. Pediatric Academic Societies (PAS) 2019 Meeting, April 27 - 30. Baltimore, Maryland.
32. Camila Irion, Krista John-Williams, Ahmed Chahdi, Keyvan Yousefi, Yanelys R. Fernandez, Konstantinos E. Hatzistergos, Joshua M. Hare, Keith Webster, and **Lina A. Shehadeh**. Osteopontin Regulates Adult Cardiomyocyte Division in a Mouse Model of Pressure Overload Induced Heart Failure. American Heart Association BCVS Conference. Boston, Ma. July 2019. Oral Presentation and selected for poster presentation at AHA Scientific Sessions, Philadelphia, November 2019.
33. Keyvan Yousefi, Ahmed Chahdi, Krista John-Williams, Guerline Lambert, Camila Irion, Melina Ramic, Nadja De Andrade, Zane Zeier, Michael Freundlich, and **Lina A Shehadeh**. β_2 Adrenergic Signaling Regulates a New OPN-LDLR- β Pix-Rac1 Multimolecular Complex in Alport Syndrome. Poster Presentation at American Society for Nephrology (ASN) for November 2019 annual conference.
34. Sean Schooley, Sean Tackett, and **Lina A. Shehadeh**. Development of an Educational Video Assessment Scale. AMEE Annual Meeting. Vienna, Austria. August. 2019. Poster/Oral Presentation.
35. Sean Schooley, Sean Tackett, and **Lina A. Shehadeh**. Development of a Quality Assessment Scale for Educational Videos for Use in Undergraduate Medical Education. AAMC Annual Meeting. Phoenix, Arizona. Nov. 2019. Oral Presentation.
36. Celina M Pollard, Victoria L Desimine, Shelby L Wertz, Arianna Perez, Barbara M Parker, Jennifer Maning, Katie A McCrink, **Lina A Shehadeh**, Anastasios Lymperopoulos. Regulation of Cardiomyocyte Fibrosis by a Negative Feedback Loop between Aldosterone- Induced Osteopontin Up-Regulation and beta-Adrenergic Receptor Signaling. AHA Hypertension. 2019. Oral Presentation.
37. Julian C. Dunkley, Camila I. Irion, Keyvan Yousefi, Serene A. Shehadeh, Jeffrey J. Goldberger, and **Lina A. Shehadeh**. Treatment of a HFpEF mouse model with carvedilol, salbutamol, or exercise. ACC Works Congress of Cardiology. Chicago, Illinois. March 2020. ePoster Presentation.
38. **Lina A Shehadeh**, Sean Tackett, Michael Dyal, David Green, Erin O'Keefe, Tanya Thomas, Tiffany Nguyen, Duyen Vo, Mausam Patel, Christopher Murdock, and Erin Wolfe. Evaluation of commercially-produced medical education videos in a cardiovascular course. AMEE. September 2020. Glasgow, ePoster Presentation.
39. 2021 – Valentina Dargam, Hooi Hooi Ng, Anet Sanchez, Sana Nasim, Camila Iansen Irion, Suhas Rathna, **Lina A Shehadeh**, Joshua D. Hutcheson. Tracking Acoustic and Electrophysiological Changes Associated With CKD-induced Cardiac and Valvular Remodeling In a mouse model. The International Society for Applied Cardiovascular Biology (ISACB) 2020 - Japan. Held virtually in March, 2021.

21) Other Works Accepted for Publication

1. Development and piloting of an instructional video quality checklist (IVQC). Schooley SP, Tackett S, Peraza LR, and Shehadeh LA. *Submitted to Medical Teacher.* 2021.
2. Soluble guanylate cyclase stimulation mitigates skeletal and cardiac muscle dysfunction in a mdx model of Duchenne muscular dystrophy. Zhang L, Balke JE, Xu Y, Yousefi K, Irion CI, Alvarez RA, Krishnan SM, Stasch JP, Martinez EC, Buys ES, Sandner P, Shehadeh LA, Percival JM. *Submitted.* 2021. <https://www.biorxiv.org/content/10.1101/2021.02.14.431156v1>
3. Dual actions of β_2 AR-agonism confer protection against heart failure and renal dysfunction via inotropic and lusitropic effects and normalized cholesterol homeostasis in a mouse model of Alport Syndrome. Chahdi A*, Yousefi K*, Capcha J, Irion C, Lambert G, Shehadeh S, Dunkley J, Lee Y, Khan A, Ramic M, Andrade N, Zeier Z, Dykxhoorn D, Katsoufis C, Freundlich M, Hare JM, Nabity M, Rivera C, Lymperopoulos A, Keith A Webster, and Shehadeh LA*. *Addressing Reviewers' Concerns.* 2021.

IV. Professional

22) Funded Research Performed

Ongoing Research Support

- 2020-2025: Miami Heart Research Institute: Anti-OPN Monoclonal Antibody Therapy in Pig Model of Atherosclerosis. \$875,000. **PI: Shehadeh L (20%)**.
- 2020-2021: Mitchell Wolfson Sr. Foundation: Producing the Media Building-Blocks of Knowledge for An Innovative Patient-Centric, Case-Based and Hemispheric Medical Education Platform. \$100,000. **PIs: Shehadeh L (15%), Habashi A, & Dyal M.**
- 2018-2022: NIH/NHLBI R01: Role of OPN-OGDHL axis in Heart Failure with preserved Ejection Fraction. Amount: \$1,500,000. **PI: Shehadeh L (40%)**.
- 2020-2022: NIH/NHLBI Diversity Supplement#2: Role of OPN-OGDHL axis in Heart Failure with preserved Ejection Fraction. PI: Monique Williams. **Mentor: Shehadeh L.** Amount: \$170,000 for postdoc salary.
- 2022: American Heart Association (AHA) 2021 Student Scholarship in Cardiovascular Disease: Induction of dyslipidemia using poloxamer in an experimental mouse model for HFpEF. PI: Grace Seo. **Mentor: Shehadeh L.** Amount: \$2,000 for medical student stipend.

Completed

- 2007 SAC Award: Peripheral blood gene expression profiling: discovery of valid biomarkers. Amount: \$20,000. PI: Papapetropoulos S; **Co-PI: Shehadeh L.**
- 2010-2011: Florida Heart Research Institute. Can the Anti-Adhesion MicroRNA, MiR-30e, Reduce Atherogenicity? Amount: \$30,000. **PI: Shehadeh L.**
- 2010-2012: American Federation for Aging Research (AFAR). The Role of MiR-30e in Regulating the Collagen to Bone Switch in Aging Vascular Smooth Muscle Cells. Amount: \$75,000. **PI: Shehadeh L.**
- 2009-2012: American Heart Association Scientist Development Grant: Regulatory Role of miR-17~92 Cluster in the Angiogenic Switch during Heart Failure. Amount: \$308,000. **PI: Shehadeh L.**
- 2011-2013: Florida Heart Research Institute. Can the Osteopontin Aptamers Reduce Calcification in Atherogenic Mice? Amount: \$25,000. **PI: Shehadeh L.**
- 2011-2013: Donation Amount: \$25,000. **PI: Shehadeh L.**
- 2011-2012: Glazer Award. Mechanisms for miR-30e-Regulated Atherogenic Pathways with Age. Amount: \$40,000. **PI: Shehadeh L.**
- 2011-2014: NIH. Micro-RNA reprogrammed human CD34 stem cells for cardiovascular disease therapy. Amount: \$1,000,000. PI: Webster, K.A. **Co-PI: Shehadeh L.**
- 2012-2014: Florida Heart Research Institute. Smooth Muscle Cells Transdifferentiation: A New Paradigm for Cardiac Regeneration. \$100,000. **PI: Shehadeh L.**
- 2012-2015: Florida Biomedical Research Program. Modulation of miR-30e in Nicotine-Enhanced Atherogenic and Osteogenic Pathways. Amount: \$400,000. **PI: Shehadeh L.**
- 2012-2015: NIH/ NIA K01 Career Mentored Award. Mechanisms for miR-30e-Regulated Atherogenic Pathways with Age. Amount: \$350,000. **PI: Shehadeh L.**
- 2014-2016: AHA Grant-in-Aid: OPN RNA Aptamer Treatment for Heart Failure. \$165,000. **PI: Shehadeh L.**
- 2015-2017: AHA Predoctoral Fellowship: Role of miR-30e in Cholesterol Synthesis. PI: Wen Ding. **Mentor: Shehadeh L.** Amount: \$52,000 for student salary.
- 2015: Donation Amount: \$5,000. **PI: Shehadeh L.**
- 2016: Dean's Bridge Award: Osteopontin Signals between Cardiac Myocytes and Fibroblasts in Heart Remodeling. \$70,000. **PI: Shehadeh L.**
- 2017-2018: Dean's Bridge Award: Role of OPN-OGDHL axis in Heart Failure with preserved Ejection Fraction. Amount: \$65,000. **PI: Shehadeh L.**

- 2017-2019: NIH/NHLBI R56: Osteopontin Signals between Cardiac Myocytes and Fibroblasts in Heart Remodeling. \$383,750. **PI: Shehadeh L.**
- 2018: Miami Florida Heart Research Institute: A new model of HFpEF. \$100,000. **PI: Shehadeh L (15%).**
- 2018 SAC Award: Rodent Whole Body Plethysmography Machine. Amount: \$10,000. **PI: Shehadeh L.**
- 2019 SAC Award: Rodent Telemetry Machine. Amount: \$15,500. **PI: Shehadeh L.**
- 2018-2019: Personalized genetic and genomic profile for Stem Cell Therapy. Model. \$100,000. **Co-I: Shehadeh L (10%). PI: Hare J.**
- 2018-2020: AHA Predoctoral Fellowship: Role of Osteopontin in Heart Failure with preserved Ejection. PI: Keyvan Yousefi. **Mentor: Shehadeh L.** Amount: \$53,688 for student salary.
- 2019-2020: NIH/NHLBI Diversity Supplement#1: Role of OPN-OGDHL axis in Heart Failure with preserved Ejection Fraction. PI: Julian Dunkley. **Mentor: Shehadeh L.** Amount: \$200,000 for postdoc salary.
- 2020 SAC Award: Rodent Blood Pressure & ECG Telemetry Machine. Amount: \$7,000. **PI: Shehadeh L.**
- 2015-2020: Miami Heart Research Institute: Role of Osteopontin in Cardiac in an Aging Mouse Model. \$625,000. **PI: Shehadeh L (20%).**

23) Editorial Responsibilities

- Served as a manuscript reviewer for the following journals: JACC, PLoS One, Nitric Oxide, Stem Cell Translational Medicine, Molecular Medicine Reports, Molecular Histology, Cells, Biochemistry and Biophysics Report, IUBMB Life, Trends in Endocrinology and Metabolism, JoVE, Archivum Immunologiae et Therapiae Experimentalis, Biomarkers in Medicine, Annals of Translational Medicine (ATM), Scientific Reports, Frontiers in Neurology, Frontiers in Pharmacology, Frontiers in Physiology, Life Sciences, Clinical and Translational Medicine, Neural Regeneration Research, American Journal of Physiology (AJP) Heart and Circulatory Physiology, Cardiovascular Drugs and Therapy, and Circulation Research.
- Serving as editor for Frontiers in Cardiovascular Medicine. 2021-present

24) Professional and Honorary Organizations

- Member of the American Heart Association (AHA): 2004-present.
- Fellow of the American Heart Association (FAHA): 2005-present.
- Member of the American Society for Nephrology (ASN): 2016-present.
- Member of American Association of Medical Colleges (AAMC): 2018-present.
- Member of Association of Medical Education in Europe (AMEE): 2018-present.

25) Honors and Awards

- 2008: First Place Oral Presentation Award. miR-17~92 Cluster is Involved in the Angiogenic Switch in Cardiac Hypertrophy. Cardiovascular Research Day at the University of Miami Miller School of Medicine. \$1,500.
- 2009: First Place at the International Society for Heart Research Young Investigator Award. \$1,500.
- 2009: American Heart Association Scientific Sessions Travel Award. \$600.
- 2011: Finalist for the American College of Cardiology Young Investigator Award. \$1,500.
- 2012-2014: Florida Heart Research Institute. Stop Heart Disease Researcher of the Year Award. Amount: \$25,000. **PI: Shehadeh L.**
- 2014: Florida Heart Research Institute. Researcher of the Year Award.

26) Postdoctoral Fellowships

- Postdoctoral Grant: Transcription Factor Networks in Cardiac Hypertrophy. Amount: \$156,468. **PI: Shehadeh L.** Department of Molecular and Cellular Pharmacology. University of Miami Miller School of Medicine. 2005-2008.

27) Other Professional Activities

- Served as an ad-hoc reviewer for NIH NHLBI SBIR study section (2009).
- Served as an ad-hoc reviewer for NIH NHLBI F32 study section (2010).
- Served as an ad-hoc reviewer for NIH NHLBI K22/K99 study section (2015).
- Served as an ad-hoc reviewer for NIH/NHLBI R01 study section (April 2015).
- Served as an ad-hoc reviewer for NIH/NHLBI R01 study section (October 2015).
- Served as an ad-hoc reviewer for NIH/NHLBI CCHF study section (February 2016).
- Served as an ad-hoc reviewer for NIH/NHLBI MIM study section (February 2016).
- Served as an ad-hoc reviewer for NIH/NHLBI MIM study section (October 2016).
- Served as an ad-hoc reviewer for NIH/NHLBI R21 study section (March, July, October 2017).
- Served as an ad-hoc reviewer for NIH/NHLBI MIM study section (June 2017).
- Served as grant reviewer for Wellcome Trust/DBT India Alliance (March 2017).
- Served as grant reviewer for Swiss Cancer League (March 2017).
- Served as an ad-hoc reviewer for SBIR/STTR CVRS study section (October 2017).
- Served as an ad-hoc reviewer for NIH/NHLBI MIM study section (February 2018).
- Served as an ad-hoc reviewer for NIH/SBIR/STTR CVRS study section (June 2018).
- Served as **member** for NIH/NHLBI MIM study section (**July 2018 – June 2020**).
- Served as an ad-hoc reviewer for NIH/SBIR/STTR SBIB study section (March 2021).
- Served as reviewer for NIH/NHLBI (U54 applications for establishing a Data Translation Center for the Clinical Centers for NHLBI's HeartShare program) study section (April 2021).
- Serving as an ad-hoc reviewer for NIH Special Emphasis Panel on "Exploration of Antimicrobial Therapeutics and Resistance" mostly COVID-related study section (July 2021).
- Served as an external reviewer for research grant at University of Sharjah, United Arab Emirates (October 2019).
- Regular/bi-annual grant reviewer for the American Heart Association (2012-2016).
- Served as Judge for posters presented by graduate students, medical students, and postdoctoral fellows at the Cardiovascular Research Day at University of Miami Miller School of Medicine (2009 and 2010).
- Served as judge for posters presented by research fellows at UM's Research Day. September 18 2012
- Served as Judge for ESRF oral presentations at University of Miami Miller School of Medicine (Feb 2014 and Feb 2018).
- Served as Judge for posters presented by postdoctoral fellows at University of Miami Miller School of Medicine (Sept 2014).
- Served as Judge for posters presented by the Department of Surgery at the University of Miami Miller School of Medicine (May 10th 2018, May 16th 2019, May 7th 2020).
- Served as a panel member to discuss with students and junior faculty a broadcasted originally presented at UMMSOM by Atul Butte, MD, Ph.D. on "*Transforming 300 Billion Points of Big Data into Diagnostics, Therapeutics, and New Insights into Disease.*" (Sept 2013)
- Participated in reviewer panel for Dr. Mary Lou's grant writing workshop for students and postdocs. (April 25th 2014).
- Interviewed (7) PIBS applicants (2013-2018).

- Interviewed (2) faculty candidate for Coral Gables campus (2014, 2017).
- Interviewed (3) MD/PhD applicant (2014, 2020 2x).
- Interviewed (3) faculty candidates for the Division of Cardiology (2016-2017).
- Interviewed (4) faculty candidates for the Stem Cell Institute (2017).
- Interviewed (1) faculty candidates for the Division of Nephrology (2018).
- Trained (6) PIBS rotation students (2012-2021).
- Invited lecture on Cardiovascular Research to graduate students at Florida Atlantic University. Nov 2012, Nov 2016, Nov 2018, and Nov 2020.
- Invited presentation at Florida Atlantic University January 2015.
- Invited presentation at the International Society for Heart Research (ISHR). May 2014.
- Invited presentation at Icahn School of Medicine at Mount Sinai August 2016 and August 2018.
- Invited presentation at the Keystone Symposium on RNA Therapeutics for Cardiovascular Disease March 2017.
- Moderator of an Oral Presentation Session on “Advances in Experimental Cell Therapy” at the American Heart Association Scientific Sessions. Anaheim, California. November 2017.
- Moderator of Session on “HF_rEF: Cellular and Molecular Therapies” at the Keystone Symposium on Heart Failure: Crossing the Translational Divide. Keystone, Colorado. January 2018.
- Invited presentation at VCU Pauley Heart Center, Virginia Commonwealth University (VCU), Virginia. August 2018.
- Chair of Session at the Interdisciplinary Stem Cell Symposium, University of Miami Miller School of Medicine. April 2019.
- Co-Chair of C-Change Committee for Gender Equity (2019), and member of both Faculty Affairs and Steering Committees for C-Change (2019-present) at UMMSOM. **As part of C-Change initiative, I took on a leading role assisting UMSOM R01-funded faculty to apply for NIH Diversity Supplement Awards. Specifically, I advertised the award (Osmosis website, FIU, medical school booths at AAMC, medical student blogs), helped faculty identify eligible candidates, and assisted in the submission of 5 new applications to date. Currently working with Dean of UNIBE medical school in Santo Domingo to recruit competitive candidates.** *Budget for each application can vary from \$100-200K which includes indirect costs to our school.*
- Invited presentation at the American Heart Association Basic Cardiovascular Council (BCVS). Boston, Massachusetts. July 2019.
- Moderator of an educational Session on “Mitochondria as Mediators and Therapeutic Targets in Heart Failure” at the American Heart Association Scientific Sessions. Philadelphia, November 2019.
- Invited presentation at the Vascular Biology Center. Augusta University. Augusta, Georgia. December 2019.

- Invited presentation at the Miami Heart Day at Florida International University (FIU). February 21 2020.
- Invited presentation at an educational Session on “The Elusive Role of Cardiac Fibroblasts in Fibrosis- Friends or Foes?” at the American Heart Association Scientific Sessions. Virtual conference, November 2020.

Issued Patents:

1. The Use of miR-30e to Treat Vascular Lesions. **Inventor: Shehadeh L.**
2. Compositions, kits and methods for treatment of cardiovascular, immunological and inflammatory diseases. **Co-Inventor: Shehadeh L.**
3. Methods and compositions employing an osteopontin aptamer to deliver nucleic acids into smooth muscle, endothelial, cardiac and progenitor/stem cells. **Inventor: Shehadeh L.**

Teaching

28) Teaching Awards Received

- Osmosis Raise the Line Faculty 2020 Award. This award recognizes the incredible work of health educators around the world.

29) Teaching Specialization

- Developed curriculum material for a mathematics class (1999 - 2002): Developed electronic material on teaching *Fractals and Chaos*, Center for Complex Systems and Brain Sciences, Florida Atlantic University.

This work was supported by NSF and aimed at developing curriculum material for an undergraduate mathematics course for students majoring in Education and Psychology. The overall product of this work is integrated on a CD-ROM. The title of the CD-ROM is *The Mathematics and Sciences of Fractals and Chaos* by Larry S. Liebovitch and Lina A. Shehadeh.

- Gave 3 workshops on using bioinformatics tools to University of Miami faculty and students.
- Gave a class/lecture to first year UM medical students on “MicroRNAs in Cardiovascular Disease”. 2012.
- Taught a graduate annual class on microRNAs to first year PhD/PIBS UM students in October 2015-2020.
- Taught a graduate biannual class on cardiovascular microRNAs to second year PhD/Pharmacology UM students in November 2016-2020.
- Teaching a lecture to UM medical students on Regeneration in the Kidney for KIMERA program in July 2021.

30) Thesis and Dissertation Advising/Post-doctoral Student Supervision

1. Trained two undergraduate students (Razan Alif and Sasha Sitahal) and a medical student (Mike Raheer) (each for one year). 2010-2012
2. Primary mentor for Pharmacology PhD students: Wen Ding, (2012-2017), Keyvan Yousefi, (2016-2020), Ali Kamiar (2021-present). On April 30th 2020, Keyvan won first place the **University of Miami 2020 Best Student Researcher Award**.
3. Primary mentor of postdoctoral associates, Drs. Jihe Li, (2012-2015), Camila Irion (2018-present), Jose Condor (2019-present), Julian Dunkley (2019-2020), Monique Williams (2020-present).

4. Served as committee member for Qualification Exam of a Pharmacology Ph.D. student (Mr. Christopher Pedigo). 2013.
5. Served as committee member for Qualification Exam of a Pharmacology Ph.D. student (Ms. Anne Green). 2013.
6. Served as thesis committee member for Cancer Biology Ph.D student (Anugraha R Rajagopalan). 2013-2016.
7. Served as a committee chair for Qualification Exam of a Pharmacology Ph.D. student (Mr. Rustam Esanov). 2014.
8. Served as an external committee member for PhD Defense of a Biochemistry Ph.D. student (Ms. Laurin Pacheco). 2015.
9. Served as a committee chair for Qualification Exam of a Pharmacology Ph.D. student (Mr. Damir Bojatzic). 2015/2016.
10. Research mentor for (2) MD (Sarah Sukkar, Trevor Eisenberg) and (1) MD/MS (Amy Kloosterboer) students (2017-2018).
11. Served as committee chair for both Qualification Exam and Thesis of a Pharmacology Ph.D. student (Mr. Yoel Sitbon). 2018-2020.
12. Served as committee member for Qualification Exam of a Pharmacology Ph.D. student (Mr. Miguel Rojas) (2020).
13. Served as committee member for Qualification Exam of a Pharmacology Ph.D. student (Ms. Jennifer Acruri) (2021).
14. Research mentor for (2) MD (Kiera Parrish, Yanelys Fernandez) students (2018-2019).
15. Research mentor for (1) MD (Mausam Patel) and (1) undergraduate (Daniela Rodrigues) students (2019-2020).
16. Research mentor for (1) MD (Suhas Seshadri) student (2020-2021).
17. Research mentor for (1) UM BS graduate (Serene Shehadeh) (2019-2020).
18. Serving as an external committee member for PhD Defense of a Biochemistry Ph.D. student (Ms. Ramya Ayyalasomayajula) at Florida Atlantic University (2019-2020).
19. Research mentor for (1) medical resident (Trevor Eisenberg) (2020-present).
20. Research mentor for (1) MD/PhD student (Jovanka Ravix) (2021).
21. Research mentor for (2) medical student (Grace Seo, Roshni Lalwani) (2021-present).

V. Service:

31) University Committee and Administrative Responsibilities

- Serving as a full member of the Pharmacology Graduate Program at the University of Miami Miller School of Medicine (2012-present).
- Serving as a member of Interdisciplinary Stem Cell Institute (ISCI) Director's Advisory Board committee (2016-present).
- Served as reviewer for Glaser grant applications (2016 and 2017).
- Served as reviewer for Eureka Certificate applications (2018).
- Served as reviewer for CTSI KL2 applications (2020).

- Serving as member of Basic Science Curriculum Advisory Committee (BSCAC) for medical program at the University of Miami (2016-present).
- Serving as member of Academy of Medical Educators at the University of Miami (2019-present).
- Served as member of Next Gen Curriculum Committee at UMSOM (2019-2020).
- Served as **Director** of Cardiovascular Module for MD and MD/MPH programs. Dec 2016-2020.
- Serving as Regenerative Medicine Scholarly Pathway **Director** for NextGen medical students at UMSOM (2020-present). <https://www.shehadelab.com/scholarly-research-md-students>
- Serving as program mentor for incoming PIBS graduate students. Aug 2020-present.
- Serving as member of Admissions Committee for UMSOM (2020-present).
- Serving as member of Steering Committee for Graduate Student Career and Professional Development at UMSOM (2021-present).

32) Community Activities
